

Powr-Flite®

VERSATILE AND COST-EFFECTIVE!

Designed for heavy-duty
industrial cleaning and
material handling

Item# PF56

20 Gallon Wet/Dry Vacuums

Item# PF56 - PF58

An ideal choice for a wide range of general shop cleanup tasks

- 20 gallon polyethylene tank resists dents, damage and corrosion
- Available with single or dual 1.6 hp vacuum motors
- Insulated vacuum for reduced noise levels
- Rear-mounted drain hose makes waste disposal and cleanup a breeze
- Large 8" rear wheels allow for easy transportation up stairs and over curbs
- Comes complete with two-piece wand, 10' hose, 14" carpet and squeegee tools, crevice tool and dusting tool

Available front mount squeegee for wet recovery
(Item# FM200H)

VERSATILE AND COST-EFFECTIVE!

Powr-Flite's 20 gallon Wet/Dry Vacuums are the most versatile and cost-effective tank vacuums on the market. Available with single or dual 1.6 hp motors, these units generate up to 192 CFM and 100" waterlift. The PF56 and PF58 Wet/Dry Vacuums effectively handle general dry debris in commercial environments as well as liquid spills and floor scrubbing and stripping solutions. The heavy-duty polyethylene tank resists dents, damage and corrosion.

The PF56 and PF58 come complete with an attachment and accessory kit including: 10' hose, two-piece wand, 14" carpet tool, 14" squeegee tool, crevice tool, and dusting tool. The secure swivel hose connector allows 360-degree hose rotation, eliminating the nuisance of a disconnected hose. The tools and accessories may be used for a variety of applications and debris types.
